LED VIDEOWALL

How can you be sure to attract the attention of potential visitors to your event? It's easily done with the help of our 40² LED video wall, the second-largest video wall in Austria, right in front of the Stadthalle Graz venue. Unmissable event images, logos and 10-second spots – all in 16:9 format – are perfectly situated to be seen, day or night. What's more, each of the walls broadcasts the images on both sides, so they're seen on the way in to the city and out again. This amounts to around 130,000 views per day.

OTHER ADVERTISING OPPORTUNITIES

COMPETITIONS

Do you have tickets to give away for your event? Great! We can help you do just that by organising a competition open to our Facebook and website visitors, and to readers of the monthly newsletter – thus also guaranteeing the event extra reach.

PRESS

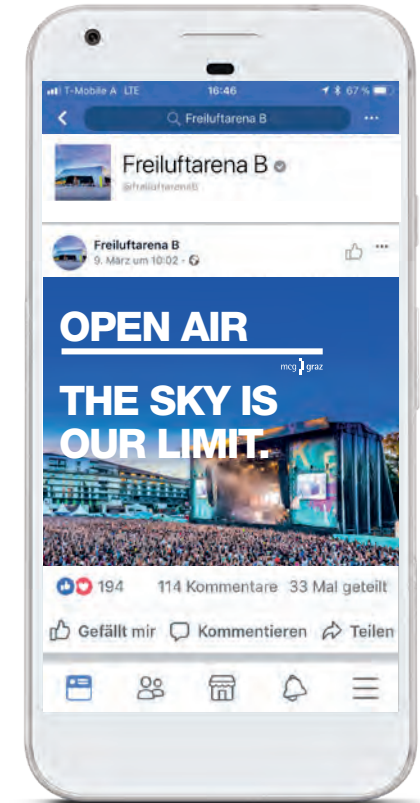

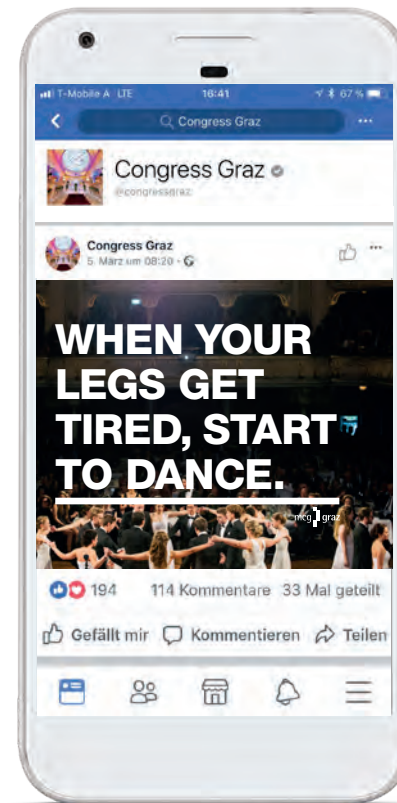

You have the information about the events – we have the contacts. We look forward to establishing contact with the local and regional media, and to helping you to optimise your medial promotion with side events such as press conferences.

NEWSLETTER

The MCG newsletter is one of the most popular promotional opportunities we offer to our partners. It's our pleasure to introduce your events and to raffle off tickets for them in the newsletter. Would you like to check out the newsletter for yourself beforehand? If so, simply add yourself to the mailing list on mcg.at and you'll soon be reading what we have to say.

SOCIAL MEDIA

The best way to pinpoint specific visitor groups for certain events is via the social media platforms. At MCG we have been doing this successfully for quite a while in a whole range of networks. That's good for our partners, too. Whenever we share your event with our followers, it is also shared with an immense online community.

Anyone looking for MCG can find us on Facebook, Instagram, Youtube and LinkedIn - everywhere! We feed our profiles with information every day – the latest news, upcoming events, galleries, facts, figures and dates. That's how we've managed to establish such a large, constantly expanding community.

Benefit big-time! Link up with us and our followers, and share your event on MCG's platforms. Together we can reach an even larger audience!

FACEBOOK

We post on Facebook, both in our official corporate status as Messe Congress Graz Betriebsgesellschaft m.b.H., and from the individual profiles of our seven venues. The resulting advantage is that we can be sure of reaching out to clients on the right channels, in turn ensuring you hook up with the perfect target groups for your event.

The posts are divided into various categories, such as 'Competitions' and 'Behind the Scenes' – and, of course, we share your content, too!
